

ACCENDO
LIGHTING

General Description:

Our unique line of UL Listed LED tubes have been developed specifically to take advantage of North American energy rebates and incentives. Accendo offers the highest quality products at the absolute best price. All of our tubes come with our no hassle 5YR 50,000 HR Guarantee. However advances in LED technology have made them less costly to acquire and install. In addition to saving energy, LEDs emit less heat, reducing the load on HVAC systems and are also controllable, and more compact, offering more design flexibility. The ballast compatible series LED offers an all glass tube housing, while providing 93+ LPW.

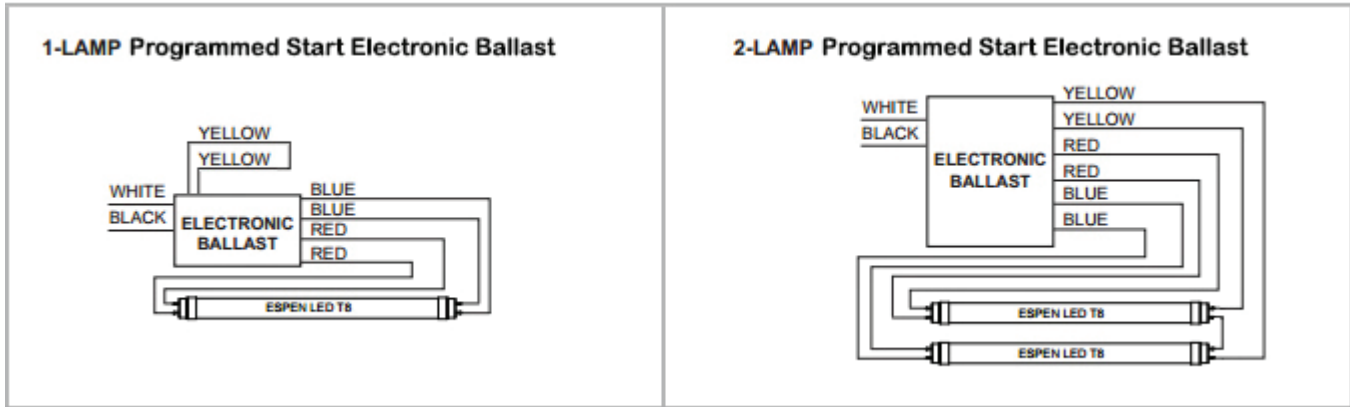

Features and Benefits:

- No rewiring needed
- Works with fluorescent electronic T5 ballast
- Long life
- High CRI
- Instant on, no delay
- Convenient and quick installation
- Utilizes existing T5 sockets
- No Mercury, No UV
- Compatible with controls and sensors
- Works in cold temperature applications
- Full Glass Design
- Wide View Angle, 120
- 5 Year Warranty
