

ACCENDO
LIGHTING

General Description:

The Accendo Lighting Retrofit Kit Radial Strip (ALLRK) is a high output, energy-efficient LED retrofit kit for fluorescent strip that significantly reduces maintenance costs. The LRK comes with a proprietary frosted ribbed lens that's engineered to maximize lumen output and minimize glare.

FEATURES

- Lumen packages ranging from 2000L to 8500L.
- An energy-efficient LED retrofit kit that significantly reduces maintenance costs.
- Streamlined packaging for easy job site management and easy installation in the field.

CONSTRUCTION

- Available in 4 ft. or 8 ft. lengths. Custom lengths and widths are available (consult factory)
- Code gauge white steel.
- Radial wrap, proprietary frosted ribbed lens engineered to maximize lumen output and minimize glare.

ELECTRICAL

- Voltage: 120-277V AC input
- Driver: Class 2, constant current, calibrated to lumen package (0-10V dimming optional)

CONTROLS

- Consult factory for control options.

MOUNTING

- Designed to fit into existing strip fixtures.

WARRANTY

- Backed by Accendo's limited 5-year warranty.
